

Wall-mounted EV Charger

10A/16A/24A/32A

**LZ-32P22K**

Wall-mounted EV Charger

10A/16A/24A/32A

- ▶ Stylish appearance, 32A charging gun, easy to install and operate.
- ▶ Intelligent and convenient, support WeChat, IC card and other payment methods. Convenient and easy to operate.
- ▶ Safe and reliable, IP65 protection level, with a variety of protection functions.
- ▶ Widely used, suitable for office buildings, outdoor parking lots, hotels and other public places vehicle charging.

► Products Specification

EV Charger Type	AC Type2
Power	22kW
Cable Length	5m
Cable Material	TPE/TPU
Cable Specification	Input:3*6mm ² +1*0.75mm ² output: 3*6mm ² +1*0.75mm ²
AC Supply System	1Phase
Input Voltage	220V
Output Voltage	220V
Output Current	10A/16A/24A/32A(Adjustabl)
Input Frequency	50Hz/60Hz
Colour	Silver+Black
Material	PC + ABS
Indicator	LED
Display	LCD
WIFI/OCPP1.6J/App/Dynamic Load Blancing	
Ingress Protection	IP66(Box)/IP55(Gun)
Residual Current; Over Load; Over/Under Voltage; Circuit; Earth Leakage; Ground; Surge ; Over Temperature; CP Abnormal	
Certification	TUV,CQC
Installation	Wall/Pile mounted
Work Temperature	-30°C~50°C
Work Humidity	5~95%
Work Altitude	<2000m
